

Shock

Life-Like Response for Better Training

Use Your Defibrillator / Monitor

Life-like response of air movement and the award winning color real time feedback for your megacode team training. Allows you to use your own AED or Defibrillator/Monitor in the scenario. The trainer controls the rhythms and the student identifies the rhythm, charges the device and issues the shock.

Heart Rhythms

Defib Training - 11 Rhythms
Pacing - 6 Rhythms
Capture during pacing
High Capacity Discharge of Load
Shock Following Protocol
Indicator of Energy Delivered
(50 Joules or more)
Defib/Cardiovert into waiting rhythm
Color coded ECG snaps
